# U. S. TROOPS HOMEWARD BOUND FIRST MOVE TO BREAK

## American Flag Is Hauled Down As Troops Leave

March Into Coblenz, Prer-  
paratory to Leaving for  
Antwerp, From Which  
Port They Will Sail for  
Home.

(By The Associated Press)  
Ehrenbreitstein, Jan. 24.—The American flag was hauled down from Ehrenbreitstein at noon today. The American forces in Germany, their Rhine watch completed, turned homeward today and many a German realized that the "gay refrain, 'The Tanks Are Coming,' must now be amended. 'The Tanks have gone and the French are here.'"

The downing of the flag that was to see the American garrison march down the steep slope of Ehrenbreitstein across the Rhine into Coblenz, and then in company with other units of the Eighth Infantry to board the Antwerp trains for the Stars and Stripes hoisted over the customs place while doleful soldiers still mounted guard at the salty post.

Their packs were as ready as any moment during the great war but today the final "all in" meant home—the place where, as many a private put it, a dollar is one hundred cents and not several thousand marks.

It was a day of simple ceremony. Four sergeants picked from the veterans of the machine gun battalion Third Division who fought in the last battle of the Marne were given the honor of assisting Major Henry Allen in lowering the colors at noon. The non-commissioned officers were seen in the distance, their rifles introduced over Chinese questions, the co-author of the Ishiguro agreement continued, "and I look forward to a long period of peace and prosperity for both America and Japan."

## James E. Fuller Passes To Reward

The unexpected death took place at two o'clock this morning of James E. Fuller, at his home on South Main street, from a heart attack which struck him without warning at about midnight. Despite prompt measures by physicians, Mr. Fuller passed away. He had been in declining health for some years, and on previous occasions had suffered attacks, though none of them were as acute as that which caused his death.

Mr. Fuller was in his 75th year. He will be best remembered, perhaps, by the older citizens of Danville for much of the latter part of his life had been spent in Tennessee. Mr. Fuller was a son of the late A. G. Fuller, and Mrs. Anne Katherine Miller, who, it will be recalled, died about two months ago at a ripe old age and after a long illness. He was married many years ago to Miss Mollie Meadows, of Louisiana, who survives with a brother, John E. Fuller, of this city.

Deceased was a member of the Masonic lodge of Morristown, Tenn., and was a Knight Templar.

The funeral service will be held from the home, 142 South Main street, at eleven o'clock on Thursday morning. Members of the family have made the request that no flowers be sent.

## NOT A CLOUD ON AMERICA-JAPAN HORIZON

(By The Associated Press)  
SHANGHAI, Jan. 24.—"There's not a cloud on the horizon to mar the friendly relations existing between the United States and Japan." This was a summing up of the present-day situation voiced recently here by Viscount Ishii, Japanese ambassador to France, when on his way home on a leave of three months' absence from his post late in the year.

"The Washington conference removed what disagreement existed between the two nations," he said, "and I look forward to a long period of peace and prosperity for both America and Japan."

## Cuban Charge Asserts Innocence

(By The Associated Press)  
WASHINGTON, Jan. 24.—Published reports that some of "the embassy liquor" seized in a recent raid by police here came from the Cuban legation, charged today in a visit by the Cuban charge to the State Department, and a statement by him in which he said he was in entire ignorance of any alleged selling of liquor at the legation.

## Would Use Part Of Camp Jackson

(By The Associated Press)  
WASHINGTON, Jan. 24.—A bill authorizing the secretary of war to transfer 1,192 acres of land within the Camp Jackson, S. C., military reservation to trustees of the Columbia, Chamber of Commerce and introduced by Senator Smith, Democrat, S. C. The land was part of that donated by the city for the reservation and it would be used for agricultural, industrial and educational purposes.

## Youth Must Die For Killing Wife

John W. Hudson. Convicted  
Despite Dramatic Testi-  
mony of His Aged Parent  
Who Took the Blame.

(By The Associated Press)  
MEMPHIS, Tenn., Jan. 24.—John W. Hudson, Jr., of White Haven, Pa., was sentenced today to the electric chair for the alleged slaying of Mrs. Hattie E. Perkins, last February, despite the dramatic testimony of his father, in which he assumed blame for the woman's death.

Hudson received the sentence stoically but his father paled and trembled. The younger Hudson, during the trial repudiated a confession, alleged to have been made at the time of his arrest, and testified in substantiation of the statement of the senior Hudson that the young woman had been killed while the three struggled for a pistol placed in the old man's hand with the request that he shoot her and his son. Mrs. Perkins was killed in a wood, after which Hudson fled to Chattanooga. Notice of appeal was served. This indicated that the confession alleged to have been made by Hudson and introduced as evidence was the chief point of their attack.

## Danville's Big Snow Came One Year Ago Thursday

The snowfall of last night which lasted for several hours, covering the earth to a depth of about two inches, is already beginning to melt away. The snowfall ceased at about ten o'clock last night but it soon began to rain and sleet. The thin blanket of snow is now in a mushy condition, making walking disagreeable while motorists found it difficult to keep their machines straight.

So far as has been reported there have been no serious accidents as a result of the slippery condition of the streets last night and early this morning. The snowfall, however, did not found difficulty on inclines and not a few abandoned their machines on the street.

It will be exactly one year ago tomorrow that the record snowfall of last January came when twenty inches of snow fell, the heaviest Danville had seen in twenty years. To be exact the snow came during the night of Thursday, January 25th, and the following day. Heavy damage was done to city buildings by caving roofs and one fatality occurred. The snow storm lasted thirty-eight hours.

## Another Move To Vote On Ship Bill

(By The Associated Press)  
WASHINGTON, Jan. 24.—Another move by Republican leaders to bring the administration ship bill to a vote in the Senate was made today by Senator Jones, (Rep., Va.) who in charge of the bill. He said he would offer another plan to curb debate by asking unanimous consent to bring the discussion gradually to a close.

## Thyssen Put On Trial At Mayence

(By The Associated Press)  
MAYENCE, Jan. 24.—Fritz Thyssen and five fellow industrialists were brought from prison today before a French court martial for a hearing on charges that they refused to obey French orders.

## COTTON IS EXPORTED FROM UNITED STATES

(By The Associated Press)  
WASHINGTON, Jan. 24.—American exports of raw cotton including lint, during 1922 were 6,113,813 bales valued at \$678,249,513 compared with 6,474,125 bales valued at \$534,241,755 in 1921. Exports of cotton cloth for 1922 were 531,769,838 square yards valued at \$55,322,912. In 1921 the value of cotton cloth exported was \$71,573,875 but Commerce Department records do not show the exact quantity exported during that year since in 1922 for the first time the total was kept in square yards.

## AMERICAN KITCHEN UTENSILS INTEREST JAPANESE WIVES

(By The Associated Press)  
TOKYO, Jan. 24.—An exhibition of the newest, handier and cheapest kitchen utensils used in America and Europe has been opened in the department of agriculture and commerce building in Tokyo. This exhibition was sponsored by Miss Inoue, of the Tokyo Women's university, to show Japanese housewives how to lighten their work. Baroness Shimazaki had already opened to the public her kitchen equipped after American models, while magazines for women devote pages to the explanation of practical methods of household management. The Japanese kitchen, old is so rudimentary in its equipment that the woman of the middle class finds cooking a very fatiguing task.

## Armed Men Depose Authorities in Arkansas

This body of armed men in front of the courthouse at Harrison, Ark., is part of the "citizens' committee" which rushed into Harrison from surrounding communities and performed in its own way the functions of constituted authority with the expressed purpose of ending alleged sabotage on the part of striking railway employees. The "committee" broke into the homes of strikers, searched them, dogged scores of men, ordered others from town and hanged one striker. A fund now is being raised to prosecute members of the "committee."

## Coal Operators And Miners Sign Wage Agreement

Is Effective for Year and Covers  
Fields of Three  
States.

(By The Associated Press)  
NEW YORK, Jan. 24.—Blumington, operators and officials of the United Mine Workers of America, signed a wage agreement today running a year and covering the tri-state fields of Ohio, Illinois and Indiana. This agreement will be used as a standard for fixing wages and working conditions in that territory. The new agreement, it was said, was virtually the same as that which expired April 1st, and was based on the Federal Fuel Administration findings in 1921. Copies were ordered sent to President Harding, Attorney-General Daugherty and John Hays Hammond, chairman of the U. S. Coal Administration.

## Defense Grounds Filed In Peck's Damage Suit

Grounds of the defense of the American Railway Express Company, which is being sued by John T. Peck for \$30,000 have been filed in the United States court here. Mr. Peck is suing for false arrest and detention at a time when it is alleged, he was mistaken for a fugitive from justice from Pershing, Oklahoma.

The grounds of defense set forth in a general way that the company never authorized the arrest of Mr. Peck and explain under what circumstances Peck was arrested.

In the first place, it is set forth Police Officer W. T. Kessler of the Danville Police arrested Peck on a warrant issued by Mayor Wooding and that the defendant company did not instigate or "incite" his detention. It is further set forth that the arrest was not authorized, directed or ratified by the defendant and if such acts were done by their agent the same were wholly without and beyond scope of his employment. The document filed with the clerk of the court goes on to say that on December 12, 1922, Raymond Varner Sidesinger, alias Noel H. Welch absconded with funds of the company from Pershing, Okla., and that the company had information consisting of a statement of a person that Sidesinger and Peck were one and the same person. Finally it is stated that the arrest and detention of Peck was against the express directions of the defendant company and that the defendant company did not instigate or "incite" his detention. It is further set forth that the arrest was not authorized, directed or ratified by the defendant and if such acts were done by their agent the same were wholly without and beyond scope of his employment. The document filed with the clerk of the court goes on to say that on December 12, 1922, Raymond Varner Sidesinger, alias Noel H. Welch absconded with funds of the company from Pershing, Okla., and that the company had information consisting of a statement of a person that Sidesinger and Peck were one and the same person. Finally it is stated that the arrest and detention of Peck was against the express directions of the defendant company and that the defendant company did not instigate or "incite" his detention. It is further set forth that the arrest was not authorized, directed or ratified by the defendant and if such acts were done by their agent the same were wholly without and beyond scope of his employment. It is further set forth that the arrest was not authorized, directed or ratified by the defendant and if such acts were done by their agent the same were wholly without and beyond scope of his employment. The document filed with the clerk of the court goes on to say that on December 12, 1922, Raymond Varner Sidesinger, alias Noel H. Welch absconded with funds of the company from Pershing, Okla., and that the company had information consisting of a statement of a person that Sidesinger and Peck were one and the same person. Finally it is stated that the arrest and detention of Peck was against the express directions of the defendant company and that the defendant company did not instigate or "incite" his detention. It is further set forth that the arrest was not authorized, directed or ratified by the defendant and if such acts were done by their agent the same were wholly without and beyond scope of his employment. The document filed with the clerk of the court goes on to say that on December 12, 1922, Raymond Varner Sidesinger, alias Noel H. **MRS. Wm. A. LUTHER**  
Mrs. Wm. A. Luther died at her home in Gretna Monday afternoon. Funeral services will be held at the Episcopal Church Wednesday afternoon at 2 o'clock. Interment will be made at the Gretna cemetery near Gretna about 3:30 P. M.

**ENGINEER J. W. NHOOF, B. & O. R. R.** who says Tanlac built him up twelve pounds.

"Tanlac built me up twelve pounds and I feel simply fine," declared J. W. Nhoof, well known B. & O. engineer of 35 Keswick Ave., Clifton Forge, Va. "My troubles were indigestion, constipation, biliousness and a general run-down condition. My stomach caused me such misery that for days at a time I couldn't even eat a soft-boiled egg. I was so worn out in the morning I could hardly drag off to the yards."

"I was going down grade fast but Tanlac put on the brakes and now I am on the hill top again in health. My appetite is so good that I enjoyed Christmas 'eats' to the fullest, and my troubles are over. Neither my wife nor myself can say too much for Tanlac."

Tanlac is for sale by all druggists. Over 25-million bottles sold.—adv.

## HALF THE FIGHT AGAINST ILLNESS

Keep the Liver Prepared to Do Its Duty in Cleansing the System. Black-Draught Will Help.

Kernersville, N. C.—Mrs. Wesley Mabe, who resides near here, says: "Theodor's Black-Draught is kept in her home all the time, since it has proved very valuable when used to correct derangements of the liver, stomach and bowels, and to help prevent sickness from developing from such conditions."

"For dizziness, headaches, colds, and similar trouble, Black-Draught is a wonder," according to Mrs. Mabe.

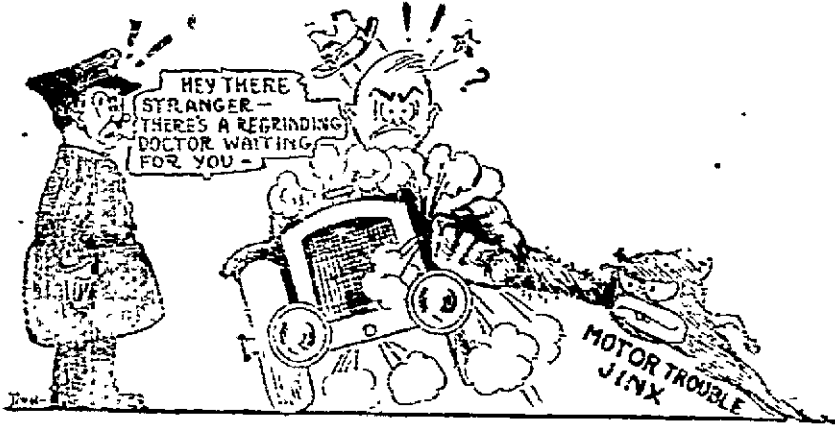

"It helps carry away bile and cleanses the easiest of any medicine I ever saw."

"I have used Black-Draught with my whole family, and will continue to do so, as it has proven its worth. We are glad to recommend Black-Draught. My health is just fine."

"Black-Draught has been found a useful adjunct in breaking up colds, when the use of a laxative or cathartic medicine is indicated. It acts upon the liver as a tonic helping it to drive poisons and unhealthy matters from the system."

"Sicknesses, dizziness, coated tongue, bitter taste in the mouth, often warn you that your liver is out of gear. Don't neglect it. Prevention of illness is better than cure. Take Black-Draught for your liver. Be sure you get Theodor's."

Most druggists sell Black-Draught. Get a package today.—Theodor's—adv.

## He'll Get You Yet

Sooner or later the motor jinx will get you with some of those inevitable engine troubles that are bound to come to every motor owner such as:

**Fouled Spark Plugs  
Loss of Power and Pep  
Smoking and Excessive use of Gas and Oil**

For these troubles there is but one cure that will give you lasting satisfaction. That is to grind the cylinders and fit new pistons and rings. These troubles are not brought on by faulty workmanship or incorrect design, but from the fact that wherever there are two moving metallic surfaces rubbing against one another there is bound to be wear.

While you may get temporary relief thru other repairs, if you want to bring your old blee back to its original efficiency with lasting results, let us grind the bores round and straight to .0001", then fit new pistons and rings, and you can laugh at Mr. Trouble-Maker for you will have an engine better than new.

WE GUARANTEE QUALITY AND SATISFACTION.

## Big Liquor Haul Made By County Prohibition Officers

The road was blocked at Swansonville last night at 9 o'clock by county officers, a Studebaker seven-passenger car was stopped, 120 gallons of Mountain Valley liquor was captured and James Thomas, of Durham, was taken in custody. Three men escaped.

The rum-runners were particularly bold in their effort to get the liquor through the mountains follow the North Carolina city. Yesterday afternoon a party of four men arrived in Chatham in a Studebaker car. In the number was Thomas. Their purpose in Chatham was to secure the release of an Essex car captured during Christmas week by Magistrate J. W. Martin with 80 gallons of liquor. No one was caught with this car. It was claimed by Thomas and his party that they owned the car which was used by a rum-runner without their knowledge. They failed to get the car, but they succeeded in disseminating the information that they were on their way to Mountain Valley after a load of liquor. Thomas, while in Chatham, pulled out a roll of money which he declared contained \$500 and said that he wanted to spend it.

About dark the party left Chatham, came to New Design and inquired the way to Mountain Valley. Directions were given but the party missed the way and went to Rondo, where the Studebaker was discovered and the car was turned round. In the meantime Magistrate J. W. Martin, and Special Officers J. M. Thomas, Herbert Thomas, Willie Harvey and Ed Martin had been apprised of the rum-running trip and were out on the road, the purpose of the officers being to meet the rum-runners on their way back. About 8:30 they passed the car on the pike, and shortly thereafter surrounded and ed the car for some distance. When opportunity presented the officers passed, speeded up and at a favorable point in the road blocked the highway and waited for the rum-runners. When the driver of the liquor car saw how things were in the road he turned out into a field and tried to make a detour.

The officers, on foot, gave chase. The driver of the liquor car turned several circles about the field, and three men jumped from the machine and made their escape. Thomas finally stopped the machine and the officers gave chase to the men who had run.

The heavy snow fall made it easy for the officers to follow the tracks of the men, but after a chase of an hour the men had not been captured and the officers desisted.

On the way back Thomas complained of being sick and instead of taking him to Chatham the officers brought him to Danville and placed him in jail, later securing a physician for the prisoner. The party arrived here at midnight.

The liquor was in five gallon tins and the odor indicated that the booze had just been made.

The Studebaker car is practically new and has been fitted up in the most approved manner for rum-running.

It is assumed that all of the men are from Durham as the car bears a Durham license tag.

## OLDEST MAN OF PERSON CO. IS STILL ACTIVE

J. M. Long, Roxboro, N. C., the oldest man in Person County, N. C., was in Danville yesterday with a load of tobacco. Mr. Long, 85 years of age, is still very active, retaining his faculties to a marked degree. He says that he has never used any medicine in his life. He chews tobacco constantly and has been a user of the weed since boyhood. He left late yesterday on his wagon for his home, nearly 40 miles away, and he didn't consider the distance too great or the weather too unpropitious for his years.

—J. O. Macruder, former city engineer and well-known citizen, is visiting here from Lynchburg.

## Coue Says:

The Bee Comics Will Make You Get Daily Better and Better

EMILE COUE AND THE BEE FUNNY FAMILY.

BY HAD COCHRAN

Special to The Bee

CLEVELAND, Jan. 24.—Every day better and better!—is you read The Bee comics!

You're right!

This comes from Emile Coue himself—Coue, the little French pig-macra from Nancy, who gained fame over night through his self-help doctrine.

This champion of auto-suggestion and the brighter side of life was shown a copy of the NEA Service sheet of comics during his recent visit in Cleveland. These comics are used in The Bee.

"Is there anything in 'comic-sug-

gestion' in connection with the spirit of smiling?" he was asked.

"Ah! The comic pictures! I like them very much!"

And Coue spread his own gift of a smile a bit broader, and continued:

"It is much better to smile than to cry! Smiling makes you happy. Frowning makes you sad."

"Whatever there is that makes people happy—that makes them smile—is a good thing. And comes come under that head."

"Smiling is akin to the bright side of life, and it's the bright side and the right side that make you feel better and better."

ter of said John E. Hughes, deceased, would respectfully represent unto you honor that they bear the several relationships above set out towards said John E. Hughes, deceased, and in the possession of his estate, and as such next of kin be the heirs at law of said John E. Hughes, deceased, and are therefore interested in the probate of said paper writings alleged to be the last will and testament of said deceased.

Your petitioners would further represent unto your honor that on Monday, the 3rd day of April, 1922, an order was entered in an ex parte proceeding in which none of your petitioners were parties, admitting to record certain paper writings dated August 11, 1920 and November 26, 1920, as the true last will and testament and codicil thereto of said John E. Hughes, deceased.

Your petitioners allege that your honor's court did not have jurisdiction to make said sentence of probate admitting said paper writings to record, under the statute for such cases made and provided, the probate of wills is determined according to the following rules: that is to say:

The circuit or corporation court, or the clerks of the said circuit courts, having jurisdiction of the county or corporation wherein the decedent had a mansion house or known place of residence, have exclusive jurisdiction of the probate of all testamentary papers of a decedent who had a mansion house or known place of residence in such county or city, and your petitioners further aver that the said John E. Hughes, deceased, at the time of his death did not have a mansion house or known place of residence within the City of Danville, but did have a mansion house or known place of residence within Pittsylvania County, Virginia, and therefore the circuit court of said Pittsylvania County, Virginia, or the clerk thereof has exclusive jurisdiction for the probate of all testamentary papers of said decedent, and the corporation court of Danville was without jurisdiction to make said sentence of probate.

Your petitioners therefore pray that said sentence of probate made by your honor's court on the 3rd day of April, 1922, admitting said paper writings to record as the true last will and testament and codicil thereto of said John E. Hughes, deceased, may be revoked and annulled.

Attached to the petition and made a part hereof is a notice served on all parties in interest.

And your petitioners will every pray

## First Move Made In Hughes Will Contest By Heirs

(Continued from Page One)

Bank of Danville, Va., and the First National Bank of Richmond, Va., Executors, of John E. Hughes, deceased.

Each of you is hereby notified that the legatees and devisees and next of kin of John E. Hughes, deceased, named in the attached petition, which is hereby referred to and set out in full in this notice as fully as it set out at length and in detail herein, will on Monday, the 12th day of February, 1923, move the Corporation Court of Danville, Va., to revoke and annul the sentence of probate made on the 3rd day of April, 1922, admitting to record certain paper writings as the true last will and testament and codicil thereto of John E. Hughes, deceased, upon the grounds set out in said petition.

Jno. L. Lee,  
Smith & Gordon,  
Carter & Williams,  
Withers & Brown,  
Counsel for said petitioners.

IN THE CORPORATION COURT OF DANVILLE, VA.

In the matter of the petition and motion to revoke and annul the sentence of probate admitting to record certain paper writings as the true last will and testament and codicil thereto of John E. Hughes, deceased, made April 3rd, 1922.

To Hon. B. P. Withers, Judge of the Corporation Court of Danville, sitting as a court of probate.

Your petitioners, Elizabeth B. Roberts, Frank B. Roberts, Mary S. Roberts, and John Hughes Roberts, the adult children of a deceased sister of John E. Hughes, deceased, and Eleanor L. Roberts and Janie C. Roberts, the infant children of said deceased sister, who sue by their next friend and father, T. E. Roberts, and W. T. Hughes, A. C. Hughes and Fannie Hughes Pruden, the brothers and sis-

ter of said John E. Hughes, deceased, would respectfully represent unto your honor that they bear the several relationships above set out towards said John E. Hughes, deceased, and in the possession of his estate, and as such next of kin be the heirs at law of said John E. Hughes, deceased, and are therefore interested in the probate of said paper writings alleged to be the last will and testament of said deceased.

Your petitioners would further represent unto your honor that on Monday, the 3rd day of April, 1922, an order was entered in an ex parte proceeding in which none of your petitioners were parties, admitting to record certain paper writings dated August 11, 1920 and November 26, 1920, as the true last will and testament and codicil thereto of said John E. Hughes, deceased.

Your petitioners allege that your honor's court did not have jurisdiction to make said sentence of probate admitting said paper writings to record, under the statute for such cases made and provided, the probate of wills is determined according to the following rules: that is to say:

The circuit or corporation court, or the clerks of the said circuit courts, having jurisdiction of the county or corporation wherein the decedent had a mansion house or known place of residence, have exclusive jurisdiction of the probate of all testamentary papers of a decedent who had a mansion house or known place of residence in such county or city, and your petitioners further aver that the said John E. Hughes, deceased, at the time of his death did not have a mansion house or known place of residence within the City of Danville, but did have a mansion house or known place of residence within Pittsylvania County, Virginia, and therefore the circuit court of said Pittsylvania County, Virginia, or the clerk thereof has exclusive jurisdiction for the probate of all testamentary papers of said decedent, and the corporation court of Danville was without jurisdiction to make said sentence of probate.

Your petitioners therefore pray that said sentence of probate made by your honor's court on the 3rd day of April, 1922, admitting said paper writings to record as the true last will and testament and codicil thereto of said John E. Hughes, deceased, may be revoked and annulled.

Attached to the petition and made a part hereof is a notice served on all parties in interest.

And your petitioners will every pray

Your petitioners would further represent unto your honor that on Monday, the 3rd day of April, 1922, an order was entered in an ex parte proceeding in which none of your petitioners were parties, admitting to record certain paper writings dated August 11, 1920 and November 26, 1920, as the true last will and testament and codicil thereto of said John E. Hughes, deceased.

Your petitioners allege that your honor's court did not have jurisdiction to make said sentence of probate admitting said paper writings to record, under the statute for such cases made and provided, the probate of wills is determined according to the following rules: that is to say:

The circuit or corporation court, or the clerks of the said circuit courts, having jurisdiction of the county or corporation wherein the decedent had a mansion house or known place of residence, have exclusive jurisdiction of the probate of all testamentary papers of a decedent who had a mansion house or known place of residence in such county or city, and your petitioners further aver that the said John E. Hughes, deceased, at the time of his death did not have a mansion house or known place of residence within the City of Danville, but did have a mansion house or known place of residence within Pittsylvania County, Virginia, and therefore the circuit court of said Pittsylvania County, Virginia, or the clerk thereof has exclusive jurisdiction for the probate of all testamentary papers of said decedent, and the corporation court of Danville was without jurisdiction to make said sentence of probate.

Your petitioners therefore pray that said sentence of probate made by your honor's court on the 3rd day of April, 1922, admitting said paper writings to record as the true last will and testament and codicil thereto of said John E. Hughes, deceased, may be revoked and annulled.

Attached to the petition and made a part hereof is a notice served on all parties in interest.

And your petitioners will every pray

Elizabeth D. Roberts  
Frank B. Roberts  
Mary S. Roberts  
John Hughes Roberts  
Eleanor L. Roberts

Janie C. Roberts, their  
next friend and father,  
W. T. Hughes  
A. C. Hughes  
Fannie Hughes Pruden,  
By Counsel.

Jno. L. Lee,  
Smith & Gordon,  
Carter & Williams,  
Withers & Brown,  
Counsel for said petitioners.

IN THE CORPORATION COURT OF DANVILLE, VA.

In the matter of the petition and motion to revoke and annul the sentence of probate admitting to record certain paper writings as the true last will and testament and codicil thereto of John E. Hughes, deceased, made April 3rd, 1922.

To Hon. B. P. Withers, Judge of the Corporation Court of Danville, sitting as a court of probate.

## White Mantle Of Winter Falls

The white mantle of the winter of 1922-23 was thrown over this section last evening. It began snowing about 7 o'clock, following the day the steadily grew colder, the mercury touching degrees at 6 a. m. It snowed steadily for nearly two hours, about two inches of snow lying on the ground. For awhile there was a let-up, with a decided upward rise in the temperature. Soon it began to rain and the snow changed to a slippery mush, making going hard both for pedestrians and motorists. Many of the latter found difficulty in making the grades and some drivers found it necessary to abandon their machines for the night.

Reports from points in North and South Carolina and Georgia told of alet that broke down telegraph and telephone communication. This was particularly so in northern Georgia. Atlanta suffered especially, more than 100 long distance wires out of that city being broken down.

An early start this morning it did not appear likely that there would be a snowfall comparable to the one experienced late in January, 1922, when about 20 inches fell in this city and car traffic was tied up for two days.

## Snake Crawls IN JAN., MEETS DESERVED FATE

There are people who will go out this cold winter weather with the proper weight in undies. —There are snakes that so far forget what is seasonal and proper as to creep across barren fields in January. It's horribly bad form for a snake to do this and one that commits such a breach deserves all that is coming to it. Supposing some unsuspecting human were walking across the field, shivering from chills, and ran across this stoutheaded anaconda. That person would just naturally congeal. Even on a hot day in July the sight of a snake sends through most people a shudder that could only be caused by an icy blast from the article regions. Should a person recover from such a shock it should go hard with the snake.

News of such an encounter comes to this office from North Carolina. Miss Beat R. Mitchell, of Ruffin, was out for a stroll last Monday and she saw a snake nonchalantly slithering across a road. Said snake was about 18 inches long, 2 1/2 inches in circumference and probably had the intelligence of such people as the rotogravure sections of Sunday papers picture as taking a dip through a hole in ice seven inches thick. Anyway Miss Mitchell reacted as has been done ever since, but not during the time of E. E.

The snake that doesn't creep out of winter quarters in January will have to crawl in July.

MR. LANCASTER'S TALK ON COLONIAL HOMES

Robert A. Lancaster, Jr., of Richmond, Va., scholar and traveler and a man familiar with the historical lore of old Virginia will address the Wednesday Afternoon club and its guests this evening at 8:15 in the Rison Park auditorium. Owing to the widespread interest in the theme and the speaker, the meeting is set for the evening and the larger hall selected. The members of the club have invited many friends to hear the informing and interesting address, dealing with the famous colonial homes along the shores of the James and other Virginia rivers, on the Eastern Shore and at points far inland.

—Mr. and Mrs. Aubrey Missell left Monday for their home in Washington, D. C. Mrs. Missell has been a visitor in the city since December 23rd, having sustained a broken ankle in alighting from the train.

## ENTERTAINMENT BY COMMERCIAL COLLEGE PUPILS

Despite the inclement weather, at least forty persons were present and enjoyed thoroughly an entertainment given at the Danville Commercial College by the pupils of that institution last night. Although no special program was prepared for the occasion, the evening was a pleasant one for the young people, who amused themselves between the hours of eight and eleven o'clock with games and various other kinds of entertainment, following which refreshments were served.

The event was arranged and carried out by the students of the school. The business college, of which J. W. Walker is president and L. P. Bettinger is principal, shows a marked increase in enrollment since its opening last September. There are now about fifty students who attend regularly, classes being held five days a week and on three nights a week, the night classes being for the benefit of employed boys and girls.

## NURSES AT GEN'L HOSPITAL RESIGN

Miss Virginia Baker, dietician at the General Hospital has resigned her position effective March 1st, it was learned yesterday afternoon. Beyond confirming her action in presenting her resignation Miss Baker would vouchsafe no further information. It is learned nevertheless from a reliable source that other attaches of the institution including Miss Meadows, night superintendent, Miss Mary McKon, operating room superintendent, and Miss Ida Lucas, anaesthetist, have also filed their resignation with the superintendent to be presented to the medical board now operating the hospital. The board, however, has not yet been presented with the resignations, but it is learned, is soon to meet to act on them and, possibly make an enquiry into the underlying cause in the withdrawal from the hospital of trained young women, specialists in their profession.

Three people associated in an official way with the hospital who were questioned yesterday declined to discuss the matter.

hospital. The board, however, has not yet been presented with the resignations, but it is learned, is soon to meet to act on them and, possibly make an enquiry into the underlying cause in the withdrawal from the hospital of trained young women, specialists in their profession.

# Believe Sinclair's Data Absolves Him

No Effort to Be Made Now to Punish Magnate in Hyva and Mammoth Oil Inquiry.

WASHINGTON, Jan. 23.—No attempt will be made at present to punish Harry Ford Sinclair, multi-millionaire oil magnate for contumacy. The Senate Committee on Manufacturers today a mass of papers and documents relating to the affairs of the Hyva Corporation and the Mammoth Oil Company. The belief was expressed that the committee will notify Mr. Sinclair in a week or so if anything desired has been overlooked.

Anticipating fireworks a large crowd filled the committee room this morning. Even Senator Curtis (R., Kan.) was present, doubtless to make certain that Mr. Sinclair, his consultant, had a fair show.

Martian W. Lattin appeared as additional counsel for Mr. Sinclair, accompanied by Col. William J. Zevary, Judge A. M. Chandler and Gratton T. Stanford of New York, as counsel for the oil concerns interested.

The examination was resumed. Mr. Sinclair produced all the books and papers indicated by the committee in its subpoena. All details relating to the Hyva Corporation and the Mammoth Oil Company were set forth by Sinclair.

Sinclair denied he is the largest stockholder of the Sinclair Consolidated Oil Corporation and controls that organization. He admitted serving as President and Chairman of the board.

The Teapot Dome Naval Reserve was brought up by Senator Drexel (R., La.), who called attention to the fact that the property is worth more than \$100,000,000.

Sinclair explained that he referred to the value of the property and not the stock of the Mammoth Oil Company. If it was worth the sum indicated, he said, "it ought to be worth more than \$100,000,000."

"I think it is," remarked Sinclair, "but I have made many mistakes in the oil business."

When Attorney Roe recalled Sinclair's statement that the Teapot Dome contract called for the expenditure of \$50,000,000 to \$70,000,000, the witness submitted a letter with the contract showing that he is personally obligated to become surety for the mammoth concern in fulfilling the Teapot Dome contract.

## Divorced Woman Cause Of Killing

WISSE, Jan. 23.—Bryan Hamilton was shot and killed Tuesday night about 9 o'clock in the east end of Wise by Albert Doby, known as Albert Giffman.

The killing occurred at the home of Dan Dotson.

Hamilton's wife, who was a daughter of Dan Dotson, had obtained a divorce from her husband some years ago, and Doby was paying his respects to her. It is said Hamilton was there and asked Doby to go away with him, which Doby refused to do.

Hamilton then went away, it is said, and afterward returned. The family of Dotson asked him to go away, and he refused to do so.

It is said he threw his hand back to his hip pocket at the time he made the remark, and Doby shot him, the ball entering his head. Doby came in and surrendered to the officers. No preliminary trial has yet been had.

## Warms Feet, Bang! She Sues For \$5,000

PARKERSBURG, W. Va., Jan. 23.—It was cold the other day when Mrs. Miss Moats, of Parkersburg, sat down before an open gas fire to warm her feet.

A few minutes later she was startled by an explosion which she says tore off the top of her shoes. Her toes were so badly injured that amputation was necessary.

Today Mrs. Moats filed suit in circuit court here for \$5,000, charging that the manufacturer used celluloid instead of leather in the inner lining of the shoe tips.

## JOYFUL FAMILY REUNION.

"Two of my brothers, a sister, as well as myself have been chronic sufferers from gas, stomach, indigestion, pain in right side near appendix and liver trouble for many years. My sister tried Mayer's Wonderful Remedy with good results that we all took a course of it and it helped in each case. Last Sunday we had a family reunion in celebration of our recovery and what we all did eat." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and aids the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One does not need a doctor's money refunded. J. C. McFall's Drug Store and druggists everywhere.—adv.

## HOW TO RIDE A STREET CAR

Board cars at the rear entrance only. Have exact change ready and deposit cash fares or metal tokens in fare box. If change is needed conductor will make change or sell you metal tokens but conductor is not permitted to deposit your cash fare or metal tokens in the fare box.

All paper tickets, including transfers, are to be handed to the conductor. Do not put paper tickets or transfers in the fare box.

Pass forward promptly after you have deposited your fare. This will expedite loading of passengers and enable us to maintain our schedules better.

Please do not stand on the platforms unless necessary as this delays passengers in getting on and off cars and slows up the schedule.

Your co-operation will be appreciated.

## Music Excites Indians To Riot

(By The Associated Press)

BANGALORE, India, Jan. 24.—Friction between Hindu and Moslem communities has resulted in serious disturbances in Tipitpur, in Mysore province, during recent weeks. Numerous assaults have been reported, and on several occasions the shops have had to close their doors. Special police forces have been called out, and now have the situation well under control.

The cause of these disturbances lies in part in the differing attitudes of Hindus and Mohammedans regarding music. Hindu religious ceremonies are usually accompanied by music. Mohammedans have no music at their services, and are seriously disturbed when interrupted by musical sounds.

In 1881, the government permitted construction of a mosque within the Hindu quarters, with the distinct understanding that the Mohammedans should on no account object to processions with music passing in front thereof. The Mohammedans now contend that since music was never played before this mosque from 1882 to almost the present time, permission should always be disallowed for processions with music in that place. The Hindus, on the other hand, have been asking since 1920 for permission to take an image in procession in the streets, absolutely without restrictions. The government, after a prolonged inquiry, decided to admit the Hindu claim.

The present trouble began at the time of the Dussarah procession last September. On this occasion, the government refused to grant a license, on account of the Mohammedans' objection to the processions with music in that place. In the following month, however, a procession was allowed. Before the procession occurred, the Mohammedans left the mosque in a body as a protest, and the procession passed quietly.

This incident led to high feelings between the two communities. Many individual assaults occurred, and general apprehensions of a breach of the peace were prevalent. On account of threatened violence, the Hindu shops were closed for two days. The district magistrate was called and, with a large police force reached the place in time to prevent further disorder. Reprisals are now present, and are keeping careful watch over the district.

## TICKER-TALK

(Courtesy Thomson & McKinnon)

**Aristocrats Aid Munich's Poor**

(By The Associated Press)

MUNICH, Jan. 23.—Eight million marks have been realized at an auction here of jewels and gold and silver articles of the princely and aristocratic families of Bavaria.

Members of Bavaria's old aristocracy were liberal in opening up their hearts and coffers. Prince Konrad and his wife themselves donated articles which were sold for \$60,000 marks. A bouquet of diamonds and pearls set in gold, the highest bid of the auction. A piece of jewelry from one of ex-King Ludwig's daughters went for 250,000 marks.

The only doubt as to the actual signing, according to members of the joint committee, is due to the insistence of some third operators last signing may involve new indictments under the Sherman act such as was presented in Judge Anderson's court in 1920. To placate these, it is possible, though hardly probable, that signing will be held up pending approval of the contract by the Department of Justice.

In indicating the practical agreement on terms of the new contract, which it is understood will run for one year, the spokesman for the group also indicated the defeat of the operators on the one point they raised—that of making the penalties for strikes in violation of the contract heavier than were provided in the 1920 contract. This point was raised Friday, threshed out on Saturday and further discussed yesterday.

"Both sides," said the committee man, "admitted the allegations of the other side and desired the negotiator. The net result is that each had disposed of a lot of bile and is now ready to do business."

Under the terms of the contract, which will be an extension of that drafted in 1920, the basic tonnage will continue at \$1.68 for tonnage men, with a minimum rate of \$7.50 for day workers.

**Storm In South Does Big Damage**

(By The Associated Press)

ATLANTA, Ga., Jan. 23.—The Southeast today was recovering from a severe blizzard which swept three States yesterday, leaving a mantle of sleet and ice demoralizing traffic and utility service and causing a loss of several hundred thousand dollars.

Deacon "Newt" Gray, shown here, named by his brother-in-law, Fred Eubanks, at the open hearing in Bastrop, La., as one of the hooded mob charged with being responsible for the slaying of F. Watt Daniel and Thomas F. Richards at Mer Rouge, La.

## Martial Law In Parish If Any Threats Are Made

Governor Will Take This Action to Protect Witnesses in Cases of La. Outrages, if Necessary.

(By The Associated Press)

BASTROP, La., Jan. 24.—Governor Parker will declare martial law in Morehouse parish if threats of any kind are made against any of the state's witnesses between adjournment of the open hearing and the trial of persons to be indicted for participation outrages by hooded men in the parish, it was learned today on good authority.

## Train Strikes Auto; One Killed

RICHMOND, Va., Jan. 23.—Clifton Davis, farmer of Skelton, Va., was instantly killed and Gilbert A. Saunders, business man, of Portersville, Va., was seriously injured early this morning when a motor automobile in which they were riding was struck by the fast express, No. 47, on the Seaboard Air Line railway at Skelton, in Mecklenburg county.

Davis and Saunders were trying to cross the railroad track and did not see the approaching train. Davis was killed instantly and Mr. Saunders suffered a concussion of the brain and other injuries. He was placed on the train and carried to St. Luke's hospital in Richmond. Mr. Saunders was brought here by Dr. Henry Snead, of Skelton.

**Negro Draws 90 Days In Prison**

Ernest Stamps, a negro who was charged with writing to a young white girl of this city a letter of seduction which brought him within the purview of the law was sentenced to serve ninety days in jail yesterday by Judge Kerr Morehead Harris in the juvenile court where he was tried because of his age. This is the first jail sentence imposed by Judge Harris, first woman judge in Virginia, since she assumed her duties.

**Miners' Contract About Completed**

Joint Committee May Report at Session of Coal Conference Today—Operators Lose One Point

NEW YORK, Jan. 23.—John L. Lewis, President of the United Mine Workers of America; Phil H. Penna, spokesman for the bituminous operators; and Michael Gallagher, chairman of the conference to make a new wage contract for the union mines of the country, announced yesterday that the committee in charge of drafting the new contract to take effect April 1st might be expected to complete its work today.

The committee will resume its session in the afternoon at 3 o'clock this morning and it is possible that before midnight the full conference will have voted approval with the chance good that the contract will be signed within forty-eight hours.

The only doubt as to the actual signing, according to members of the joint committee, is due to the insistence of some third operators last signing may involve new indictments under the Sherman act such as was presented in Judge Anderson's court in 1920. To placate these, it is possible, though hardly probable, that signing will be held up pending approval of the contract by the Department of Justice.

In indicating the practical agreement on terms of the new contract, which it is understood will run for one year, the spokesman for the group also indicated the defeat of the operators on the one point they raised—that of making the penalties for strikes in violation of the contract heavier than were provided in the 1920 contract. This point was raised Friday, threshed out on Saturday and further discussed yesterday.

"Both sides," said the committee man, "admitted the allegations of the other side and desired the negotiator. The net result is that each had disposed of a lot of bile and is now ready to do business."

Under the terms of the contract, which will be an extension of that drafted in 1920, the basic tonnage will continue at \$1.68 for tonnage men, with a minimum rate of \$7.50 for day workers.

**Good Morning Judge!**

Tom Odum, colored, this morning submitted to his trial in the county court whiskey on his wagon and was fined \$50 and costs and sentenced to thirty days in jail. Odum paid his fine and gave bond of \$300 until Monday when he will begin serving his term. The negro was arrested several days ago after officers had found seven gallons of whiskey concealed in a load of wood on a wagon he was driving. When the case was first called the negro was granted a continuance until Friday, because his counsel was not present. He later came forward and announced, he wished to plead guilty.

"Fish" Graves, colored, drew a fifteen dollar and costs fine for stabbing Wallace Hayden in the side with a knife as a result of a quarrel. The fine was increased to ten dollars and an appeal noted.

Sis Williams, colored, charged with creating a disturbance, was not present.

**Little Girl Is Burned To Death In Roanoke**

ROANOKE, Va., Jan. 22.—Anthony Connel, 4 months old, daughter of Mr. and Mrs. Gus Connel, was burned to death last night at the home of her parents on East Salem avenue. Fire was caused by the lighting of a sheet which was spread over the child's bed by an alcoholic lamp set alight beside it for the purpose of making certain flames used in treating pneumonia, with which the child was suffering.

PARIS, Jan. 24.—One of the most remarkable airplanes ever constructed has recently been added to the French Air Service.

It is a veritable armored car of the skies with the ornament of a fort. The machine is built entirely of steel and in addition to the ordinary machine guns, it is equipped with one of the famous French "75" field guns. The plane carries a supply of 50 shells for this gun, and it weighs ten tons. The craft has passed the builders' tests, and has been delivered to the airframe at Villa Courbeley.

Fred Carpenter, sheriff of Morehouse parish, La., may be implicated after investigation has been completed as a result of the open hearing at Bastrop, La., into terrorism by masked night riders.

## New Law Protects Retail Buyer

(By The Associated Press)

LONDON, Jan. 24.—The retailers of grain in England are in the throes of readjusting their selling methods, which have come down to them through generations, to a new system designed to give greater protection to the buyer. Corn, and a variety of other similar products, must henceforth be sold by actual weight, instead of by measure. Formerly dealers bought by weight and sold by measure, and reaped an undue harvest at the expense of the consumer.

The new unit is the hundred weight, which varied in weight according to the country of origin making it virtually impossible for anyone not an expert to know what the actual weight was.

Today the retailer is accused, but on the hand the buyer is getting a square deal. The term "corn" in the new law includes a neat, barley, oats, maize, dried peas, dried beans, linseed, and potatoes, as well as the seed of grass, clover, vetches, turnips, cabbage and beets.

**COTTON MARKET**

(By The Associated Press)

NEW YORK, Jan. 24.—The cotton market showed continued strength this morning. Liverpool more than responded to the local advance of yesterday and the opening was steady at an advance of 5 to 14 points, carrying all deliveries to new high ground. There was heavy trading, causing some late selling at 14 1/2 to 15 1/2. The offerings were taken in a range of 5 to 6 points.

Cotton futures opened firm:

January	24 1/2
March	28 1/2
May	30 1/2
July	32 1/2
October	34 1/2

# Germans Face Fines Only By Court Martial

Novel Point Made By Sentenced Man

RICHMOND, Va., Jan. 23.—A novel point was made by counsel for defense in the case of Charles Fritz, whose application for a writ of error was refused by the supreme court of appeals yesterday. Fritz was convicted in the circuit court of Russell county of second-degree murder and was given a sentence of twenty years imprisonment in the State penitentiary. He appealed the case on the ground that although the indictment charged that he mortally wounded James Puckett, it failed to say that Puckett "died of the mortal wound."

The court dismissed the appeal of Arch Dunn, who was convicted in Pittsylvania county of violating the prohibition law. Dismissal of the appeal grew out of the fact that Dunn, becoming impatient, made his escape from jail before his case was reached on the docket.

## Virginian Must Serve Year For His Part in Lynching

RICHMOND, Va., Jan. 23.—Refusing a writ of error, the Virginia Supreme Court of Appeals today decided not to interfere with a verdict of one year in the penitentiary for voluntary manslaughter which a Wise county jury returned against A. L. Napier. Conviction of Napier grew out of the lynching of Dave Hurst, a negro, after he had been locked up in Wise county jail on the charge of assaulting the wife of a citizen of the county. Although admittedly a member of a mob which went to the jail to get the negro, Napier sought a reversal of the verdict of the lower court on grounds that he had no hand in taking the negro from the jail nor in the subsequent lynching. According to representations in his petition, he and W. M. Ball, husband of the negro's victim, and several other members of the mob practically had been dissuaded by Sheriff A. L. Corder from interfering with the course of the law when the remainder of the mob broke into the prison and carried off the negro.

He did not accompany the mob to the scene of the lynching. Instead he returned to his home near Blackwood, he asserted.

## Religious Riot Rends Odessa; Forty Are Slain

LONDON, Jan. 23.—Many shots were fired in a religious procession in the streets of Odessa yesterday, according to a Central News dispatch from Copenhagen.

The crowds in the streets became enraged, attacking Jewish shops throughout the town.

The military forces were powerless. Forty people are said to have been killed during the day. A large number of shops were emptied of their entire contents by the raiders.

**Augusta, Ga., Has An \$85,000 Fire**

(By The Associated Press)

AUGUSTA, Ga., Jan. 24.—The Harrison building on the site of the one destroyed by fire in November, 1921, was completely gutted by flames coming in the basement of a restaurant in the building early today. The damage is estimated by the fire chief at \$85,000.

WEDNESDAY, JANUARY 24, 1923.

**WEATHER CHANGES.**

Here's something to live up your daily discussion of the weather. The coldest place in the country is Devil's Lake, N. D. It has 64 days of the year when the thermometer is at zero or below, and 192 days when the temperature is freezing or lower.

The longest and most severe winters in the North Dakota, Minnesota, and the northern parts of Michigan and Vermont.

Despite the cold they have to endure, the people of these sections impress a traveler as stacking up very robust and generally healthy. They have to be, to stand the winter climate. So nature comes to their rescue, hardens them against the hardships of weather.

Nature fortifies us against almost any obstacle we encounter, provided we have sensibly and let her take her natural course.

The source of all disease is in restricting natural processes. This applies to diseases of the mind and emotions, as well as to the body.

If the story of Devil's Lake doesn't make a sensation among your weather discussers, try this: The "winter line" has moved north 150 miles in the last 25 years.

Putting it in a more scientific way, American climate is one and a third warmer, averaging the whole year, now than it was in 1871. A change of one degree in temperature moves the "winter line" 100 miles north or south.

Scientists claim that climate has not changed much in the last 160 years. If we average winter and summer over 10-year periods. But the old settlers probably are right about winters in the northern States not being as severe as they used to be. Snowfall is lighter than in the old days when sleighs drove over fence-tops. Depleting forests seems to have changed snowfall in some mysterious way.

In winter we need an hour's more sleep than in summer, says a medical authority. He figures it out this way: The two agencies that restore our exhausted bodies are sleep and sunlight. When the seasons change and we have an hour less of daylight, we need an extra hour of sleep to make up for the loss.

No two bodies are exactly alike, however, and the sleep that will regenerate one may be too much or not enough for another. The wise plan is to let nature guide us. She tells us when we need sleep—makes us drowsy. When we get up in the morning "all fagged out," we are cheating nature and injuring our health.

Sleep is the best medicine.

**WHISKY AND DOPE FOUND AT BARRACKS**

(By The Associated Press.)  
FREDERICKSBURG, Va., Jan. 23.—A stockpile of narcotics, whisky and brandy, valued at more than \$1,000, has been found at Quantico Marine Barracks during the investigation into the deaths of two enlisted men, James S. Hartnett, 24, and Private James S. Hartnett, 24, Sunday, according to reports from the post today.

It was stated that officials at the barracks believed Sergeant Hartnett's death was due to narcotic poisoning, while an autopsy showed that Private Hartnett died of wood alcohol poisoning.

Examination of Hartnett's body failed to show any indication of recent drinking, it was said.

According to the reports received here today, numerous packages and bottles of morphine, cocaine and brandy were found during the search of personal effects of all officers and men at the post. Thirty-five gallons of corn whisky and brandy also was found. It was stated. The belief was expressed that the narcotics were brought from Rio Janeiro, Brazil, by the marine detachment which attended the expedition there last fall.

A full investigation of the deaths of the two men is being conducted, following the amount of investigation of the commanding officer of the post, to break up an alleged liquor and dope ring said to exist in Quantico.

**Scoop's Colym**

DRAKES BRANCH, January 24.—(Grapevine Wireless).—Here are some of the strange adventures of Painter Sam. He visited the land of Gammerram, lived in the city of Hukumpoke, killed the king with a single shot, and lived in the land of Ham trees, battled three weeks with man-eating bees.

Fought in the battle of the water river. Killed a lion, journeyed Copper-Cow for his golden liver.

Found the cake tree on Coca-Cola lake. Made his dinner on Coca-Cola and cake.

Sailed through space on flying hen. Killed couple of elephants with a fountain pen.

Fought against the great warrior, Scoop Pan. And fed him to the beast of tomato-land.

Also much more by the darkness of the night. Tied the sun to a tree so he could have more light.

Didn't like the rain because it was wet. Took a towel and dried it in a hair net.

Got tired of the earth, started up to the moon. And with a splash fell into lake Spittoon.

Wasn't much hurt, but Oh! how he swore! Says "I'll not take a bath in a cuspidor."

Then journeyed to the land of Hatter. In search of the long lost yam-ties.

Found it on an island far out at sea. Locked in a house that had no key.

The house was covered with a pink sheet and surrounded by an animal with a thousand feet.

But he killed him there and killed him dead. Choked him to death with a loaf of bread.

His ship was wrecked at sea when the wind blew strong and he was eaten by cannibals, and didn't last long.

At this piece of poetry you needn't bust a seam. For it's just a Dog House Poet's dream.—Barney.

**A FLAGRANT INSTANCE**

(Henry Bullitt Jan. 23.)

The Bulletin does not regard it as right and proper for a newspaper to undertake to try before the forum of public opinion a case of alleged wrongdoing which is to be submitted to the courts of justice for determination. It has no sympathy with the attempt to do this, and it is deeply distressed in undertaking the prosecution or defense of offenses in their news and editorial columns. On the contrary it has only unmeasured condemnation of and protest against such action. It is the duty of the administration of law and as productive in the majority of cases of injustice rather than of justice, either to the accused or to the state.

We do, however, think it proper and timely to give voice to certain reflections in our mind and, we are sure, in the minds of many thoughtful people of the community, arising out of such cases as the one now being prosecuted in the case of the shooting by officers into the car of persons traveling the highway road last Saturday night. It was obvious from the testimony of these officers that in this case they were discharging their duty in holding up cars indiscriminately upon the public highway upon the bare possibility that they might be carrying liquor in violation of the prohibition law. To shoot at any such cars notwithstanding the imminent danger to the life of the occupants, if they should fail to stop on signal to do so, whether the occupants were of such cases as the one now being prosecuted in the case of the "hold-up" was by officers of the law or by highwaymen threatening their lives and seeking to rob them of their property. They were not instructed apparently to shoot. To do so they would be criminally exceeding their authority, and do a worse thing.

The trouble lies in the very spirit and policy of prohibition enforcement. Many of the prohibition laws are in violation of the spirit, if not actually the letter, of our organic law, state and national. The stretching evasion, or perversion of the principles of that organic law is prohibited by the constitution. It has been written into our prohibition statutes on the theory that as far as possible, it must be made impossible to avoid detection in the attempt to violate the law, and that the sale of liquor whatever violence may be done to the rights of the citizens under the constitution or to democratic principles of civil liberty.

What better for prohibitionists to preach the duty of law enforcement and to observe a law which is in flagrant disregard of law is written into prohibition statutes and employed in the spirit and methods of their enforcement.

It is in the ordinary activities of liquor law enforcement officers they go even farther than the writers of these laws have dared to go in drastic methods for enforcement. They are habitually exceeding the authority given them by these questionable statutes. An extreme interpretation of the authority given by these statutes is encouraged by those "higher up" in the administration of the law and more often by the courts of law, tempted by large fees, are encouraged or permitted to exceed the authority with which they are vested in making arrests and searches.

This sort of local case is more or less typical. So far as we know and believe these officers have been good citizens. Their testimony was frank and open. They admitted having "made a mistake" in this instance but evidently thought, however, remarkable it may appear, that they were acting the part of good officers in standing on the roadside holding up with flashlights and gunfire. It is necessary, and often the case, so that way and to shoot into his car with imminent peril to his life if he did not stop and submit to be searched by unknown persons whose purposes were equally unknown. It is an outrage, of course, but one which the spirit of liquor law enforcement has condoned and made to seem excusable.

In the very name of law enforcement itself these violations by officers of the law are a disgrace to the citizen must be stopped. The violators must be adequately punished when the fact of such violation is judicially determined. Our liquor laws must be made to conform to the accepted principles of the rights of the individual under a democratic form of government and their administration.

Nature fortifies us against almost any obstacle we encounter, provided we have sensibly and let her take her natural course.

The source of all disease is in restricting natural processes. This applies to diseases of the mind and emotions, as well as to the body.

If the story of Devil's Lake doesn't make a sensation among your weather discussers, try this: The "winter line" has moved north 150 miles in the last 25 years.

Putting it in a more scientific way, American climate is one and a third warmer, averaging the whole year, now than it was in 1871. A change of one degree in temperature moves the "winter line" 100 miles north or south.

Scientists claim that climate has not changed much in the last 160 years. If we average winter and summer over 10-year periods. But the old settlers probably are right about winters in the northern States not being as severe as they used to be. Snowfall is lighter than in the old days when sleighs drove over fence-tops. Depleting forests seems to have changed snowfall in some mysterious way.

In winter we need an hour's more sleep than in summer, says a medical authority. He figures it out this way: The two agencies that restore our exhausted bodies are sleep and sunlight. When the seasons change and we have an hour less of daylight, we need an extra hour of sleep to make up for the loss.

No two bodies are exactly alike, however, and the sleep that will regenerate one may be too much or not enough for another. The wise plan is to let nature guide us. She tells us when we need sleep—makes us drowsy. When we get up in the morning "all fagged out," we are cheating nature and injuring our health.

Sleep is the best medicine.

**WHISKY AND DOPE FOUND AT BARRACKS**

(By The Associated Press.)  
FREDERICKSBURG, Va., Jan. 23.—A stockpile of narcotics, whisky and brandy, valued at more than \$1,000, has been found at Quantico Marine Barracks during the investigation into the deaths of two enlisted men, James S. Hartnett, 24, and Private James S. Hartnett, 24, Sunday, according to reports from the post today.

It was stated that officials at the barracks believed Sergeant Hartnett's death was due to narcotic poisoning, while an autopsy showed that Private Hartnett died of wood alcohol poisoning.

Examination of Hartnett's body failed to show any indication of recent drinking, it was said.

According to the reports received here today, numerous packages and bottles of morphine, cocaine and brandy were found during the search of personal effects of all officers and men at the post. Thirty-five gallons of corn whisky and brandy also was found. It was stated. The belief was expressed that the narcotics were brought from Rio Janeiro, Brazil, by the marine detachment which attended the expedition there last fall.

A full investigation of the deaths of the two men is being conducted, following the amount of investigation of the commanding officer of the post, to break up an alleged liquor and dope ring said to exist in Quantico.

**What's Going on in the World**  
WEEK'S CHIEF EVENTS BRIEFLY TOLD

BY CHARLES F. STEWART  
(Special to The Bee)

As might have been expected, the Franco-German trouble is getting around to a point now where European diplomats are beginning to hint that the whole thing could be fixed up if the United States would cancel a lot of the war debts due to her from the Old World powers.

At any rate, dispatches from across the Atlantic are saying "reparation experts" are working on a plan to settle the entire question—on the supposition that America forgives, cancels and half of what the latter owes to her—that is, that she wipes out a couple of billion dollars in obligations.

This kind of talk starts so naturally a salomist to hint that the Ruhr invasion may have been staged to come to an end with a view to securing the United States into making financial concessions, as the only means of averting another world conflict.

**Will America Agree?**

But will the United States fall for such a program?

It doesn't seem very likely. Americans have been pretty balky hitherto whenever it has been suggested that it would be a good idea for them to give up any or all of their war claims. By a curious coincidence there was a British mission, headed by Chancellor of the Exchequer Stanley Baldwin, in Washington, discussing the question of war debts, just when the Ruhr invasion occurred.

This mission has gone home now. The negotiations are said not to have broken down. On the contrary, it is understood the British commission, found out how Americans feel about the indebtedness matter, re-

**THE ONE-MAN WOMAN—NO. 30**

**WHERE IS ALICE?**

By Ruth Aznes Abelson

KATE WARD, widow of DAN WARD, living with her father, JUSTIN PARSONS, has a visitor. CHATWORTH, ALICE, who says Dan was father of her child.

DOROTHY, Kate is much perturbed. A few evenings later Kate and her father find the unconscious victim of an auto crash near their home and carry him in. He recovers, gives his name as

JAMES LATHAM, and woe Kate, who, because of Dan's memory does not know what to do, though fond of Latham. As she talks with him a letter arrives from Alice bearing Kate's aid. In his rooster, Latham takes her at once to the laundry of SING LOY, by whom Alice is employed.

**GO ON WITH THE STORY.**

KATE was out of the car and opened the door of the little frame building almost before the machine had stopped.

As the bell tinkled on the opening door, Sing Loy shuffled to the front, the shop and smiled at her. Dorothy was sitting at the back of the place. She was curled up in a chair trying to sleep. She looked soiled and neglected.

"Is Alice here?" Kate asked.

"Not here," Kate caught a wistful tone in the oriental's voice. "She goes yesterday. Not come back yet."

"Do you know where she went? I'd like to see her," from Kate.

"I don't know," the smile had vanished. "Alice, she never say where she goes," softly.

Kate's discerning soul understood. Sing Loy didn't have to say that this, colorless woman visible through the slightly open door, was her fluffy hair and her fluffy heart. But was it a fluffy, frivolous heart? Kate wondered. Alice's tears had been real tears, shed for some real reason. That Kate knew.

She picked the dazed, dithering little man who stood before her. He seemed so gentle, too mild.

"Do you know where she lives?" she asked.

"Sing Loy gave Kate an address. He had written it on a pink laundry slip. 'There,' he said. 'She lives there,' a sign in the said."

Sing Loy was unhappy. Kate and Dorothy turned to Latham and the waiting car.

"She isn't there," she said. "but I have the address of the place at which she stays. Suppose we drive around there?"

It was only a short distance to the

**WEATHER CHANGES.**

Here's something to live up your daily discussion of the weather. The coldest place in the country is Devil's Lake, N. D. It has 64 days of the year when the thermometer is at zero or below, and 192 days when the temperature is freezing or lower.

The longest and most severe winters in the North Dakota, Minnesota, and the northern parts of Michigan and Vermont.

Despite the cold they have to endure, the people of these sections impress a traveler as stacking up very robust and generally healthy. They have to be, to stand the winter climate. So nature comes to their rescue, hardens them against the hardships of weather.

Nature fortifies us against almost any obstacle we encounter, provided we have sensibly and let her take her natural course.

The source of all disease is in restricting natural processes. This applies to diseases of the mind and emotions, as well as to the body.

If the story of Devil's Lake doesn't make a sensation among your weather discussers, try this: The "winter line" has moved north 150 miles in the last 25 years.

Putting it in a more scientific way, American climate is one and a third warmer, averaging the whole year, now than it was in 1871. A change of one degree in temperature moves the "winter line" 100 miles north or south.

**America's War Claims**  
Situation in the Ruhr  
Near East Threat

The All-Africa of Russia. The Russian frontier, from the small Lithuanian frontier which was holding it, doesn't seem to have much to do with the Ruhr situation. It's pretty clear that the work of Lithuanian filibusters, Germany may have helped, but that doesn't matter so much. What does matter is whether or not the Russians were behind it.

**Turks in Ugly Mood.**

News dispatches have it that France and Italy are exerting pressure on England to prevent the English from driving the Turks to evacuate their camps at Jansoum over the Near Eastern question.

The chances are that not much pressure is needed. This would be a mighty poor time to get the Turks started, and undoubtedly England thinks so.

The Turks will go to war very easily. If they do, they'll ask help from Russia and probably they'll get it.

Everybody's afraid of Russia.

**Plenty of Strife Brewing.**

There trouble along the frontiers between the Bulgarians and the Jews, between the Bulgarians and the Rumanians, and between the Rumanians and the Yugoslavs and the Hungarians.

But it isn't a circumstance to what would happen if the English and the Turks should get to fighting. And Greece and Rumania should attack Turkey, and Bulgaria attacked Rumania, and Yugoslavia attacked Rumania, and Hungary attacked Rumania, and England and Rumania, and Finland—and then maybe Germany decided to try conclusions against France and Germany.

## For the Game's Sake

By LAWRENCE PERRY.  
(Copyright, 1923, By The Bee)

NEW YORK, Jan. 23.—While the misunderstanding between Colgate and Lehigh as to the football game that looms as the two institutions were to have played next fall is now an old story, the facts underlying a regrettable situation are presented today for the first time. The reason why they are presented from what may be termed a Lehigh angle is because the South Bethlehem authorities accepted the writer's invitation to give their version of the break whereas the Colgate people did not avail themselves of the proffered opportunity to do likewise.

Lehigh's statement commends the sportsmanlike attitude of the Navy. In December, 1921, according to the story, Colgate asked Lehigh to play a game in Binghamton, N. Y., on November 4, of last year. Lehigh agreed provided Colgate played a return game in Bethlehem on November 3, 1922.

On January 16, 1922, Lehigh played Colgate at Binghamton.

Colgate advised Lehigh over the telephone on December 13 last that she would not play Lehigh, November 3, next, because their Sycamore game came on November 17 and they were afraid that the Lehigh contest would result in injuries to her players. Colgate further asserted that the game played last November was rough and that bad feeling had been engendered between the two institutions, and, in particular, between the two teams.

Therefore, if Lehigh insisted upon playing the game Colgate desired either to play it on September 29, or at the end of the season, on November 24, November 29, or December 2, Lehigh was supplied at this communication, but, desirous of playing Colgate, Lehigh offered October 20 as a date. This date, Colgate said, was filled. Lehigh then insisted on the original date stand. Colgate, as is now known, refused, since that date had been filled by Navy. The rest everyone knows.

### DEMPSEY PINES FOR A FIGHT OF WHATEVER SORT

(By The Associated Press)

CHICAGO, Jan. 23.—Jack Kearns, manager of Jack Dempsey, declared today enroute to New York that he was going to the metropolis to demand a match with Harry Wills, the negro heavyweight, for Dempsey. He asserted that an effort now is being made to have Wills back out of a fight with the champion even after Dempsey had waived the color line and signed a contract six months ago, and that he would not stand for such tactics. He further declared that Dempsey was ready to fight and that he expected to arrange a match to be held in Madison Square Gardens within three weeks.

Kearns asserted that Dempsey would meet Wills, if possible, or Jess Willard, or would fight Tom Gibbons and Harry Greb the same night and knock them both out. If boxers were not available to meet the champion, then Kearns declared Dempsey would take on "Strangler" Lewis, the heavyweight wrestling champion, in a mixed bout. There was one thing certain, Kearns said, and that was that Dempsey was ready and anxious to fight.

### DARTMOUTH GRID STAR ALSO SHINES AT HOCKEY

LLOYD "PUDGE" NEIDLINGER.

HANOVER, N. H., Jan. 24.—Lloyd "Pudge" Neidlinger, outstanding star of Dartmouth's 1922 football team, is a versatile athlete.

With the autumn sport nearly a memory, Neidlinger has turned his attention to hockey. In football he starred at tackle. In hockey he hopes to block the Dartmouth gate with his massive frame, as he plays goal.

Neidlinger was picked as tackle on

Warwick, heavily backed favorite in the Hurst Park (England) races, is shown here falling after hitting a hurdle. Jockey Moran, taking the tumble with him, was not seriously injured.

### LANDIS WILL SPEAK ON THE DRAFT ISSUE

(By The Associated Press)

NEW YORK, Jan. 23.—Scouting the possibility of a major-minor base ball conflict over the draft issue, Commissioner K. M. Landis, arrived in New York today on his way to fulfill several speaking engagements in the east the latter part of the week.

The Commissioner, while reticent in his discussion of the controversy resulting from the major leagues' decision to attach the draft issue to all players released, hereafter to minor league clubs, indicated his belief that an open break would be avoided.

Shelving of the American League plan to establish zones as a means of curbing "poppy" home runs, at least for 1923, was intimated in the commissioner's statement that no meeting of the joint rules committee, which the question was referred, has been scheduled this winter. He said no request had come from either league for a session to discuss the zoning plan. No joint meeting to which the leagues is in prospect either he said.

### TWO PROPOSALS BE SUBMITTED

(By The Associated Press)

NEW YORK, Jan. 23.—Tex Rickard said today he would submit two proposals to Kearns and Dempsey, one calling for a match with Jess Willard, probably June 30 and the other with the survivor of a heavyweight elimination series among Floyd Johnson, Tom Gibbons and Luis Firpo. The latter contest may occur in September.

The champion is unlikely to appear in any contest here during the incoming season because of inadequate seating facilities or any available site. Looking fit and weighing, on his own testimony, only 195 pounds, close to his "best fighting weight," Dempsey declared he would wait at least a week or two months to get in condition for a championship bout.

### WRESTLING BOUT FOR DANVILLE

The wrestling bout is soon to be staged in Danville if the present plans of Promoter Stevenson of Greensboro materialize. Young Stecker, a wrestler from the West, will meet Henry Freestinger, of England, and the winner of the bout will challenge a Danville wrestler in the near future. Who the Danville man will be is not clear but probably Henry Miller, a former member of the police force, will come forward and accept the challenge.

### FARMERS OPPOSE BOND ISSUE FOR ROAD IMPROVEMENT

(By The Associated Press)

CHARLOTTESVILLE, Va., Jan. 23.—Strong opposition to the proposed bond issue of \$12,000,000 for highway improvement was expressed today by the Virginia section of the American Farm Bureau Federation, when a majority of the delegates attending the annual meeting here voted against the proposition.

The vote was taken on a roll call demanded by Henry C. Stuart, president of the Virginia Federation, and former governor of Virginia. It followed a lively discussion of the road problems of the state, which showed the sentiment of the federation strongly opposed of a bond issue.

Addresses by James R. Howard, retiring president of the American Farm Bureau Federation and Frank Nelson of Roanoke, director of the organization in Virginia, featured the night session of the convention.

### JENNINGS SIGNS CONTRACT

NEW YORK, Jan. 23.—Hugh Jennings, former pilot of the Detroit Americans, today signed a contract for 1923 as assistant manager of the New York Giants, a post he held last year.

The Giants also announced Hugh McQuillan, star finger obtained last season from the Boston Braves, had signed for the coming season.

### GREBB TO DEFEND TITLE

(By The Associated Press)

NEW YORK, Jan. 23.—Harry Grebb, of Pittsburgh, will defend his American light-heavyweight boxing title January 30 against Tommy Loughran, of Philadelphia, in a 15-round bout at Madison Square Garden.

### Swimmer, 87, Startles Palm Beach

Captain Jack Williams, 87, of Catalina Island, Cal., astonished the throng at Palm Beach when he "walked" two miles in water that ranged in depth from 20 to 40 feet. At the end of his "walk" there was not a drop of water on either of the two flags which he carried.

### UTERITZ IS FIRST MICHIGAN QUARTER PICKED BY CAMP

ANN ARBOR, Mich., Jan. 23.—When Walter Camp named Irwin Uteritz of Michigan as quarterback on his third All-America eleven for 1922, he accorded the Ann Arbor school an honor which it had never before received. For Uteritz is the first Michigan signal-caller to be elected for any of Camp's mythical teams.

Not that Michigan hasn't had some good quarterbacks, for it has, but until last fall the dean of football critics didn't see fit to recognize them in All-America way.

Take, for instance, "Boss" Weeks, 1922 captain, and still considered by Yost as the best pilot he has had during the 22 seasons he has been coaching at Michigan. Fred Norcross, 1906 leader, "Sporty" McMillan, star in 1910-11; Tommy Hughitt, who played the entire Harvard year in 1914 with a fractured collar bone; and Cliff Sparks, sterling quarter in 1916-17. All of the above men were good field generals, and there were others, too, but the palm goes to little Uteritz, who in his two campaigns at Michigan has developed into a twinkle of the first degree.

For some reason or other, though, Camp has never been very much impressed by quarterbacks developed in the west. In fact, very few have been able to get a place "in the sun" in so far as any of his All-America teams were concerned.

### NEW BIG LEAGUE UMPIRE IS HERO OF WORLD WAR

CHICAGO, Jan. 23.—Emmett "Red" Ormsby, who is to receive a trial as a member of the American League staff of umpires the coming season, is a hero of the World War.

Ormsby began his baseball career as a pitcher and was meeting with much success when the United States got in the World War. Ormsby joined the marines, saw two years of service in France, and was decorated for distinguished service.

While overseas he was gassed. Returning to this country he found his ball-playing ability greatly impaired. His love for the game caused him to take a whirl at umpiring. He made good.

For the past two years he has worked in the Western League. His work was so uniformly good it attracted the attention of President Johnson of the American League, who offered him a contract for 1923. He accepted.

### CONNIE MACK FIGURES OGDEN WILL DELIVER

PHILADELPHIA, Jan. 23.—Connie Mack is the most original cuss in the world. Probably that is the reason he is one of the greatest baseball leaders in the game.

"You must have pitching to get anywhere," says the genial Mack, "and I expect much improved work from my boys next season."

"It wouldn't surprise me if a youngster to my pitching staff by the name of Ogdén proved one of my most effective twirlers next season."

No doubt that statement from Mack will cause a lot of people to wonder who Ogdén is.

The youngster is a Swarthmore collegian, still in college. He is a brother of the Ogdén who for several years has been the star of the Baltimore team.

What did Ogdén do last year? Nothing very impressive; won one and lost four games.

However, Connie Mack should know and his opinion of Ogdén is interesting to say the least.

### CHAMPION IS WILLING TO FIGHT ANYBODY

(By The Associated Press)

NEW YORK, Jan. 23.—Jack Dempsey world's heavy-weight boxing champion, arrived in New York today declaring he was "ready to fight any of his challengers" including Jess Willard, Floyd Johnson, Harry Wills and Luis Firpo. He was met at the train by a crowd of boxing followers and friends.

Dempsey said he would not discuss negotiations for any bouts until the arrival of his manager, Jack Kearns, who is expected tomorrow.

### HOLDS HACK RECORD

GOSHEN, Ind., Jan. 23.—Guy Bardo, employed in Washington township as a school back driver for seventeen years, figured recently that in that time he has covered 36,950 miles.

### DANVILLE VS GREENSBORO

The Danville basketball quint will play the Greensboro Y. W. C. A. basketballs this evening in the North Carolina City. Both teams have shown strength and a splendid game is expected.

## Golf Is Greatest Individual Game Says Walter Camp

By WALTER CAMP

(Copyright, 1923, By The Bee)

NEW YORK, Jan. 23.—Golf is today our greatest individual game for all ages from the youth to the old man. That statement is so true it is almost trite. The player of moderate skill who seldom "breaks a hundred" is in the great majority. But when it comes to legislating for the good of this great game, the men whose scores are usually over 100 strokes, who furnish more than two-thirds of the money to lay out, keep up, and maintain our thousands of club courses have practically no representation at all.

They have nothing to say regarding the rules and regulations of the game which with their support would run upon the rocks in less than a year in most sections of the country. And yet many of the indifferent players are admittedly numbered among the so-called "best minds" of the country.

It might not be a bad idea if in some clubs the dues were adjusted proportionately to the skill of the player. For example, a man who is able to play an 18-hole round under 80 strokes might be charged \$500 a

year; one who normally plays in the 80's, \$250; one whose scores are generally between 90 and 100, \$100, and the overwhelming majority whose main ambition is to attain double figures once in a lifetime, \$50. So far as the writer can learn there are no courses which follow such a plan.

The usefulness and influence of our athletes is by no means over when their days of active competition are over. Hundreds of patrons of professional and amateur sports have expressed themselves recently as hoping that Big Bill Edwards, former Princeton football captain, would be appointed boxing commissioner of New York State, although business considerations probably would lead the great guard to decline such an appointment if it were offered him. Ted Coy, the great Yale back, is being importuned by about twenty clubs forming the Yorkville Athletic League to accept a nomination for president of that organization. There is a tremendously strong public demand for men of such character to aid the cause of sport in every way. The only trouble is that there are too few of them to meet the demand.

### N. C. STATE COLLEGE ANNOUNCES SCHEDULE

(By The Associated Press)

RALEIGH, N. C., Jan. 23.—Penn State and the University of South Carolina are the new comers on the North Carolina State College football schedule for next fall, the other opponents being the same as last season. J. W. Harrelson, graduate manager announced tonight. The schedule follows:

September 29 Roanoke at Raleigh.  
October 6 Penn State at State College, Pa.  
October 13 South Carolina at Raleigh.  
October 18 North Carolina at Raleigh.  
October 25 Virginia Military Institute at Lexington, Va.  
November 3 Davidson at Charlotte.  
November 10 Virginia Polytechnic at Norfolk, Va.  
November 17 Maryland at Raleigh.  
November 24 Wake Forest at up. The test will be held Thursday, Raleigh.

### BASKETBALL RESULTS

At Chapel Hill, N. C.: Mercer 22; University of North Carolina 30.  
At Ashland, Va.: University of Richmond 45; Randolph-Macon 14.

Ask for Horlick's The ORIGINAL Malted Milk Safe Milk For Infants, Invalids & Children The Original Food-Drink for All Ages Quick Lunch, Home Office, Pountains, Rich Milk, Malted Grain Extract in Powder, Tablets, Forms, Nourishing, No-Cooking. Avoid Imitations and Substitutes

## THE DURANT PLAN

The purpose of THE DURANT PLAN is to encourage people in all walks of life to save a portion of their monthly wage or income. This is accomplished by having the individual assume an obligation which requires him to make a payment regularly each month to apply upon a partnership in a well-managed industry.

The obligation in the form of a contract is intended to fix in the mind of the individual the necessity of setting aside the amount of the monthly payment, thereby encouraging and assisting in developing the habit of systematic saving.

When the contract is completed, the partnership is delivered to the individual, with the restriction that it be held for a definite number of months from the date the partnership becomes effective—evidenced by the delivery of the certificate.

This restriction is made for the sole purpose of discouraging speculative purchases.

The necessity of saving oftentimes means a sacrifice of some of the alleged pleasures of life. These pleasures as a rule are pet extravagances and are not readily given up; but when the individual has made a sacrifice in a good cause, and has actually saved a part of his income to keep his contract, he unconsciously develops the habit of thrift, which leads to independence.

THE DURANT PLAN was presented to the public less than three years ago and has, as of this date, been accepted by over two hundred thousand people.

### SAVE WHILE YOU MAY

If you want to know whether you are destined to be a success or failure in life, you can easily find out.

The test is simple and infallible. Are you able to save money? If not drop out—you will lose.

You may think not, but you will lose as surely as you live. The seed of success is not in you.

## SWELLING OUTPUTS REPORTED YESTERDAY

**By H. B. Lauman**  
PITTSBURGH, Jan. 23.—Swelling outputs are reported today in the major industries of this section. These are attributed partly to increase of efficiency and partly to changes in conditions which tend to reduce costs. The buying movement in steel is so general that makers find it possible to operate all departments and units and thus reduce overhead to a point where producing costs are favorably affected.  
Price advances in several steel lines are anticipated. Ingot production, which was at the rate of about 40,000,000 tons a month, in December, will touch higher levels this month. It is expected, and may reach 45,000,000 tons by March. Actual capacity is between 50,000,000 and 52,000,000 tons.

## PRICES OF SMALL DWELLINGS ADVANCE

PHILADELPHIA, Jan. 23.—Prices of small dwellings have risen to extraordinary heights here. Inside houses of brick rows located far from the center of the city, containing only six small rooms, command \$1,500 today. This is double what they brought before the war. Desirable corners for business purposes are being sold for exorbitantly high prices and the owners of these houses are the largest credit extended to finance buyers. It is never been so much for so little before.  
"A show string." The recorder's office is so far behind that it requires six months to get a deed recorded.

## BANK CONSOLIDATIONS

**FEATURE BUSINESS**  
SAN FRANCISCO, Jan. 23.—One of the outstanding features of the

## Freezing Weather

Freezing weather invariably adds to the hand-laundry problem; makes service uncertain and delays hard to overcome. In our modern steam laundry this situation does not arise. We are able to maintain even temperatures and deliver that same high-class product all the year 'round. Our famous snow-white finish will prove a delight. Send us your wearing apparel and household linens; let us show you. Join our long list of pleased customers. The Star Laundry, phone for the wagon—No. 85.—Adv. 1-24 B&R

## STOCKHOLDERS' MEETING

The Annual Meeting of Stockholders of The Riverside & Dan River Cotton Mills, Inc., will be held in the office of the Company at Schoolfield, Pittsylvania County, Virginia, on Thursday, January 25, 1923, at Noon, for the purpose of receiving report from and electing a Board of Directors, and transacting such other business as may come before said meeting.

## WANTED—SALESMAN

**FRUIT TREE SALESMEN—PROF-**itable, pleasant, steady work. Good side line for farmers, teachers and others. Permanent job for good workers. Write for terms. Concord Nurseries, Dept. 235, Concord, Ga. 1-10 B234

**SHOES.**  
HAVERHILL, Mass., Jan. 23.—The long-drawn-out labor controversy between shoe manufacturers and shoe workers' unions has virtually been settled. The two parties have agreed on wages, but the manufacturers are holding out for a 5 1-2 day-week and workers want a 5-day week. A compromise is expected.

**PHILADELPHIA, Jan. 23.—**Very few made-down sales of shoes have been noted so far this year. These sales formerly were a January feature. The leather market is so firm that shoe men hold out no hope of lower prices.

## PACKING HOUSE PRODUCTS.

**CHICAGO, Jan. 23.—**In spite of lack of export demand the meat trade is showing improvement today. Pork products are moving somewhat slowly, however.

**PITTSBURGH, Jan. 23.—**Refractory materials are more active today. Face brick-makers look into the future with confidence. Building operations are expected to enlarge brick requirements.

## CARD OF THANKS

We wish to thank our friends and neighbors for their kindness and sympathy during the illness and death of our husband and father, especially those who sent cars.  
MRS. T. M. LIGON  
LEE A. LIGON.

## TRUSTEES' SALE—Pursuant to

the terms of two deeds of trust from Annie Barnes Wilson and husband, dated October 17th, 1919 and December 2nd, 1920, respectively, recorded in the Clerk's Office of the Corporation Court of Danville, Va., in deed book 167 at page 493 and deed book 111 at page 467, default having been made in the payments of the debts therein secured, and at the request of the beneficiary in said deeds, we will offer for sale at public auction, on the premises, on Wednesday, January 24th, 1923, at 4:00 O'clock, P. M.

## TERMS—CASH.

JAMES P. GOODRICH SAYS "SOVIET WON'T AID GERMANY"

INDIANAPOLIS, Jan. 24—Russia will not join in a war against France or any other country unless driven to it, declares James P. Goodrich, former governor of Indiana.

And Goodrich knows Russia. He has made a careful study of conditions in the soviet republic as a trustee and member of the executive committee of the American Relief Administration there.

"Russia naturally is somewhat friendly to Germany," Goodrich says, "because Germany is the only first-class power with which the soviet government has made a treaty."

A bitter hatred toward France exists throughout Russia, Goodrich added.

"I found this hatred to exist, not only in official circles but down to the very peasants," he said. "As a result of this feeling it would be a natural tendency to do everything possible to embarrass France."

"Despite these facts, I believe the only kind of war in which the Russian people would engage would be a war of defense and not one of aggression."

"Russia got out of the world war because the people were tired of war. They are still tired of war."

"Not only is Russia tired of war but it is not in a position industrially

JAMES P. GOODRICH

to conduct a war or to maintain an army on the field. I believe these things overbalance any tendency to war that would result from the hatred of Russia toward France."

Ascension Vestry May Block Bishop In Punishing Grant

As Church Is Corporation, Prelate Cannot Close It, Even if Rector Is Unfrocked, Many Believe.

NEW YORK, Jan. 23—Both Bishop William T. Manning and the Rev. Percy Stickney Grant stood by their guns yesterday in the split over Dr. Grant's sermon, which the bishop rebuked with an admonition that the rector declare his acceptance of the faith of the church as set forth in the Creed, or resign from the ministry. Neither side a shot.

Word at the Synod House at the Cathedral of St. John the Divine was the bishop had no satisfaction and was not making an appointment.

Writes to Bishop Dr. Grant confined himself to writing a note which read:

"My dear Bishop Manning—I received Friday night your personal letter, which you had also sent to the newspapers. Saturday and Sunday were very busy days with matters that could not be postponed, and today, Monday, I have had to be away from my desk most of the time. I shall have to ask you, therefore, to suffer a few days to pass before my formal reply is placed in your hands. Sincerely yours,

"PERCY S. GRANT."

All Dr. Grant would say was that he intended to reply to the bishop and would give his reply to the newspapers.

In the mean time a new factor entered the controversy. It was whether Dr. Grant, even if tried by an ecclesiastical court and found guilty, could be removed as rector of the Church of the Ascension if a majority of the vestry and congregation stood by him and cast their lot with him. The matter was almost the sole topic of conversation in connection with church matters.

Church a Corporation. The Church of the Ascension is a corporation under the name of the "rector, the wardens and the vestry of Ascension Church." The parish is an integral part of the diocese, but the church as a meeting house is a corporation, and as such, it was contended by some, the bishop would not have the power to remove the rector, as he would if the church itself were part of the diocese.

If the minister of an incorporated church were unfrocked, it was pointed out, a majority of the vestrymen might decide to run the church under any denomination they chose and retain the minister. The Community Church uses Unitarian until changed by the Rev. John Haynes Holmes.

Mrs. Philip Lydig

Refusal of Episcopal authorities to permit the marriage of Rev. Dr. Percy Stickney Grant to Mrs. Philip Lydig, divorcee, is one of the elements in the New York religious controversy.

SIMMONS IMPROVED (By The Associated Press) NEWBURN, N. C., Jan. 3.—A report tonight from the home of Senator F. M. Simmons was to the effect that his condition is somewhat improved. The Senator is suffering from a severe attack of grippe and has been confined to his home since his arrival here yesterday morning. His physician state that with a little

By R. WALTON MOORE U. S. Representative From Virginia, Eighth District

ET out the English as the only people who don't get American jokes!

Once on a time, as most people will recall, William J. Bryan ran for president and his running mate was Henry Gassaway Davis.

At a dinner one of the guests remarked that if Bryan were elected the presidency would be all in the family, since Bryan was related to Davis through the latter's middle name.

"How interesting!" said a lady who was definitely related to Mr. Bryan. "I never knew before that there was any relation."

On a subsequent occasion the same guest told the story with evident reluctance to Mr. Davis himself.

Mr. Davis looked puzzled then remarked, "I've never looked up my family tree, but that's the first time I've heard I was related to Bryan."

MOORE

Striker Hanged

From this railway bridge near Harrison, Ark., E. C. Greer, 1st striker, was hanged after a "citizens' committee" replaced constituted authority with the expressed intention of quelling alleged sabotage on the part of striking railway employes. Know shows where the victim was hanged.

MRS. NOLAN WILL SUCCEED HUBBY

(By The Associated Press) SAN FRANCISCO Cal., Jan. 3.—Mrs. Mae Nolan, widow of the late John I. Nolan, representative in Congress from the fifth California district, was chosen in a special election today to fill the vacancy created by the death of her husband, according to complete returns tonight.

Mrs. Nolan was elected to fill her late husband's unexpired term and also to the term which begins March 4. She led her nearest opponent, supervisor Edwin G. Bath, by more than 4,000 votes. There were several candidates.

BILLS RE-ELECT CARVER DUREHAM, N. C., Jan. 23.—At an annual meeting of the directors of the Durham Baseball Club this morning O. T. Carver was re-elected president and D. W. Horton vice president. Gordon M. Carver was elected secretary-treasurer to succeed W. O. Williams. The reports submitted to the directors show the local club to be in good financial shape for the launching of the 1923 season.

Today's News in Brief

"I didn't know the gun was loaded," said 22-year-old Ray Millhorn of Bristol, Sunday after having shot and killed Jesse Millhorn, aged 18 years, at her home near Holston Institute. While playing with a pistol in his home, Ray pulled the trigger and a bullet pierced the rear of his brother who died instantly.

Colonel Jo Lane Stern, acting as special commissioner for the law and equity court, has sold a 15-acre tract 136 lots in Scott's Addition, Richmond, for \$76,000, according to a deed of bargain and sale filed today in chancery court there. The property is bounded by Rosemont road, Broad street, High Point avenue and Patton avenue. It was ordered sold following a suit.

After a controversy continuing for several years, citizens of Princess Anne county declared an armistice at a county mass meeting Saturday afternoon and decided to begin the county and begin the construction of a modern highway at once. Princess Anne is said to have the worst roads of any county in Virginia.

Colonel N. J. Perkins, head of York Union Military Academy, said that plans are being considered for the construction of fireproof buildings to replace Sprad Hall and the armory, which were destroyed by fire. He announced that arrangements will be made to keep the school open the remainder of the session. Several of the cadets will occupy rooms in the homes of citizens of York Union.

SHORTTEST WILL FILLED WARSAW, Ind., Jan. 23.—Twenty-one words are contained in the shortest will ever filed in Kosciusko County, probated here recently. It was drawn by Maurice Amsbarger, of Merton, and bequeaths his entire estate to his widow.

It is the general opinion in Norfolk that former State Senator A. A. Lesner will defeat Iver Page in the Democratic senatorial nomination on Feb. 20 in the race to fill the seat made vacant by the resignation of Senator Dodson. Mr. Page, a former member of the house, but the business interests of it is said, are lining up with Mr. Lesner.

The third of her family to die within ten days, little Margaret Dunn, is dead the victim of influenza and pneumonia. She was all when her father, monia in King William County. She was ill when her father and mother passed away of the same disease a few days ago. She was buried by the side of her parents at Beulah Baptist Church, King William County.

More than 5,000 pupils are expected to graduate from accredited high schools of Virginia this year. This estimate is based on preliminary reports received at the office of the

IF there is pressure or a weight on your jaw, nose, sufficient water cannot get through to keep the tissues green and healthy.

IF there is pressure on one or more of the nerves supplying your heart, stomach, kidneys or some other organ, the pinched nerve cannot carry the full amount of life force from the brain, necessary to keep the organ it supplies healthy and disease follows.

Most diseases are caused by nerve pressure and
